College Credit Plus

Students interested in participating in College Credit Plus (**CCP**) during the 2023-2024 school year should visit the Ohio Department of Education website which can be found here [CCP website](#) for information to see if CCP is right for you. You should then discuss options with your school counselor.

Prior to **February 1, 2023** you will need to attend a CCP Information Session which will be held at Cuyahoga Falls High School. Please check their website for details or see your school counselor. You may view the Information Session provided by the State of Ohio here [CCP Info Session](#).

By **April 1, 2023** you will need to submit an Intent to Participate form to your school counselor. The form can be found here [CCP Intent Form](#).

Thank you for your interest in CCP. Please feel free to see your school counselor for further information!
